I understand that I must follow the guidelines as stated in the LOLC Covenants, Conditions and Restrictions. If any change is made after the approval by the ACC, the Committee has the right to ask the homeowner to remove the improvement and/or changes from the property. I also understand the ACC has 30 days to approve or deny an application, but will act on the request as quickly as possible. The homeowner will be contacted regarding their decisions. I agree not to begin property improvements/changes until the ACC has notified me of their approval according to the deed restrictions. Approved applications will be valid for one year from the date of the approval. If improvements are not started within the time frame given, the application will need to be resubmitted. Please return completed application to the ACC Lead or other ACC members.

APPLICATION CHECKLIST

Note: The information (if applicable) required below does not have to be presented on individual drawings for each checklist item but can be consolidated into one, or more, applicable drawings/documents.

___ ACC Application: Completed with signature of Owner(s)

___ Owner/Builder New Construction Agreement (see Attachment 1): Signed by both Owner(s) & Builder

___ Owner/Builder Plan for Demolition of Existing Structures (see Attachment 2): Completed and signed by both Owner(s) & Builder

___ Site/Plot Plan: Including dimensions of all structures, driveway(s) and setback lines shown

___ Survey: Current copy of property survey for exterior construction application is required for new home construction

___ Architectural Drawings and Elevations: Three (3) complete sets drawn to scale, neat and legible, including square footage

___ Boat House, Docks, Piers (Lots 18-26): Elevations, dimensions and distances need to be shown on ALL structures. Such improvements must have a permit from the San Jacinto River Authority prior to consideration by the Lakewood ACC.

___ Property Line Dimensions: Front, side and rear property lines as reflected in a "Recorded Plat" and "Survey" of the property.

___ Building "setback" lines and easements for the entire property must be clearly shown on the site/plot plan. Any encroachments on setback lines and/or easements must be clearly identified and a request for a variance(s) for such encroachment must accompany the application.

___ "Footprint" for each planned improvement including residence, garage, outbuilding(s), driveway, culvert, sewage management system, pool, fences, etc. must be included with the application.

___ Driveway: The driveway width and centerline must be clearly located on the plot plan with the closest distance from the nearest property line identified. Driveway materials must be identified in accordance with CC&Rs Section 3.11.

___ All applicable government permits (e.g. aerobic septic design and permit, San Jacinto River Authority permit(s)) must be included with the application or submitted for ACC approval once received.

___ Samples of ALL colors (e.g. house, roof, fence, etc.) once determined
